I am an experienced Android Developer / Flutter Mobile Developer with almost 2 years of expertise, specializing in Flutter. I have experience working remotely and am ready for offline collaboration. My skills include the development of innovative and responsive mobile applications. I am accustomed to working in teams, ensuring good coordination and making positive contributions. My commitment to staying updated on technology advancements and maintaining code quality makes me a valuable asset in software development. I am ready to make a positive impact on any Mobile Developer/Flutter project I undertake.

WORK EXPERIENCE

Swing App – Tangerang   **May 2022 - Present**
Flutter Mobile Developer

- Designing, developing, and releasing the Swing application for Android and iOS platforms using Flutter SDK.
- Implementing key features such as Tee Time booking and GPS integration for the driving range location for golf players.
- Collaborating with the UI/UX team in developing an intuitive and engaging user interface.
- Integrating a payment system to facilitate booking payments.
- Optimizing the application's performance and responsiveness to provide a seamless user experience across various devices.
- Conducting regular debugging, testing, and bug fixes to ensure application stability.
- Staying up-to-date with the latest practices in Flutter development to meet evolving industry demands.
- Contributing as a team member in development projects.

EDUCATION

Muhammadiyah University of East Kalimantan – Samarinda   **2019 - 2024**
Bechelor Degree In Informatics Engineering, 3,78/4,00

- -
